

The 27th World Micromachine Summit

Quantum semiconductor microtechnologies: novelty and re-emergence

26 – 29 May 2024

Gold Coast, Australia

TAKE AWAYS

The Micromachine Summit provides a Micro-Nano technology snapshot to worldwide Academic, Industrial and Government initiatives. Prominent experts and scholars from the most important regions and countries in the fields of semiconductor, MEMS/NEIMS and Quantum Computing will participate in the Summit.

Delegates gather in a collaborative environment to present and discuss the cutting-edge research, technological developments, policy frameworks, and strategic initiatives from each respective country and region in these domains. Additionally, industry visits and cultural events are arranged to complement the Summit experience.

ORGANIZING COMMITTEE

Dr Dzung Dao (General Chair)

Griffith University

Dr Mariusz Martyniuk (International Chair)

The University of Western Australia

Dr Nam-Trung Nguyen

Griffith University

Dr Sima Dimitrijevic

Griffith University

Dr Yong Zhu

Griffith University

Dr Tuan Sang Tran

Griffith University

Dr Hoang Phuong Phan

University of New South Wales

Dr Qin Li

Griffith University

Dr Van Dau

Griffith University

Dr Toan Dinh

University of Southern Queensland

Dr Aron Michael

The University of New South Wales

Dr Cong Thanh Nguyen

Griffith University

Dr Toshihiro Itoh

The University of Tokyo

Dr Tuan Khoa Nguyen

Griffith University

Dr Erik Streed

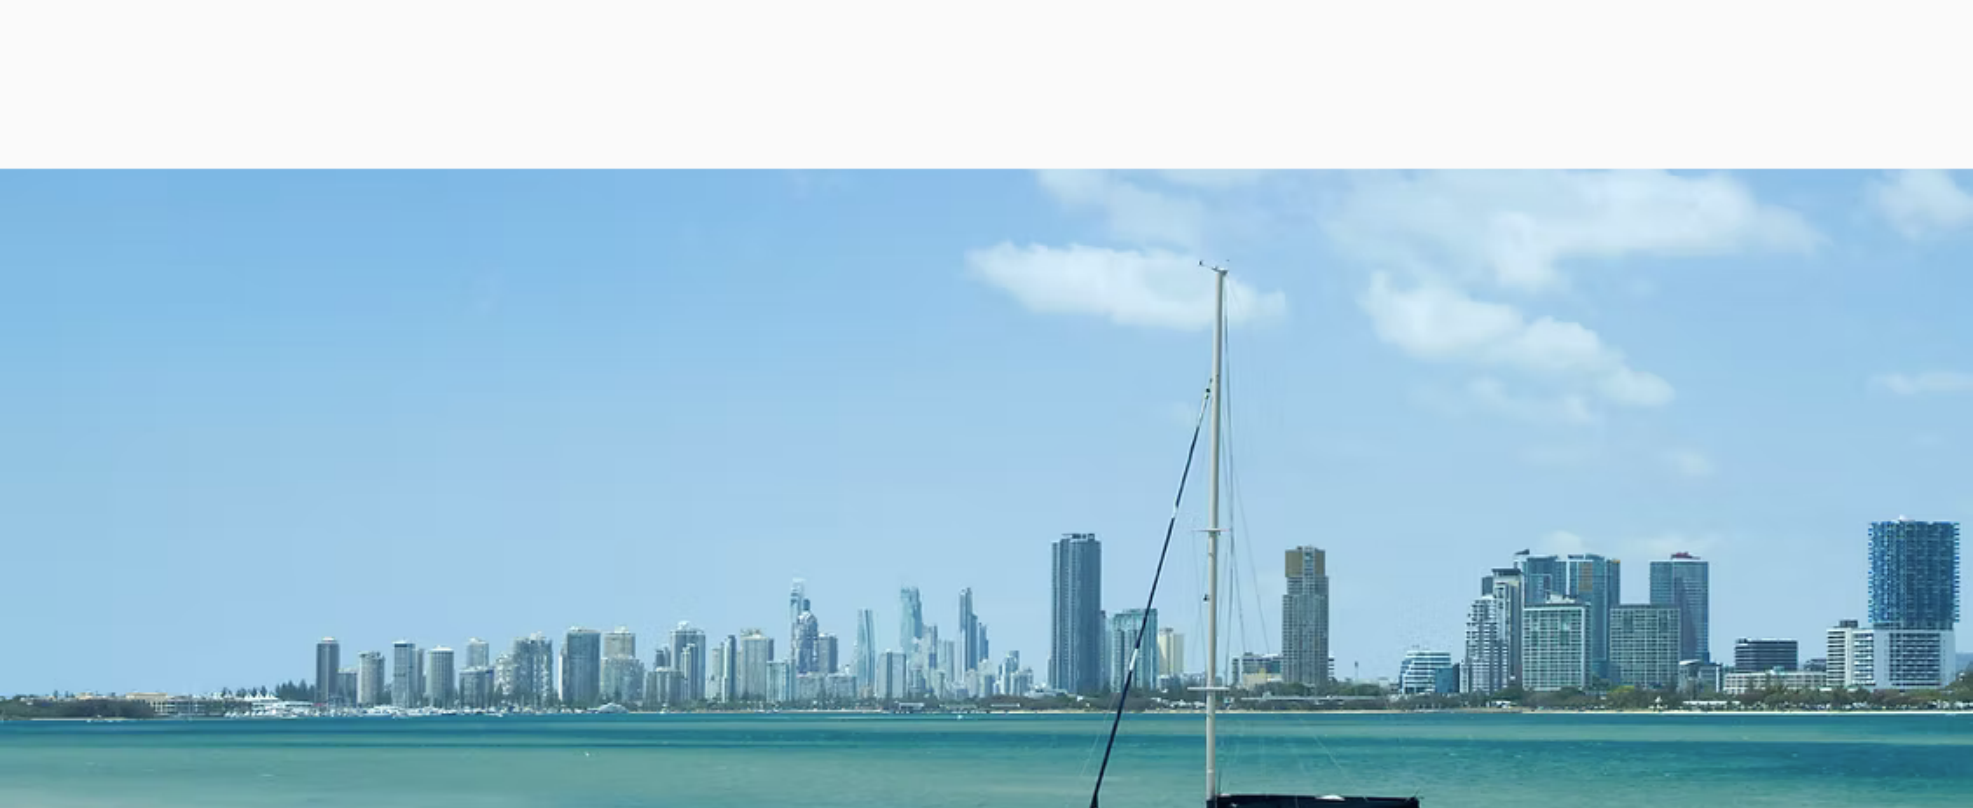

Griffith University
